

## An Informative Half-day Workshop:

# Fall Protection For Residential Construction

## 1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

## 2 MIOSHA Training Institute

Macomb Community College and the State of Michigan have formed an alliance to jointly reach out, educate and assist the state's employers and employee's to improve and advance workplace safety and health. The MIOSHA Training Institute is establishing a specific core curriculum, along with individual courses on a variety of safety and health topics. MIOSHA personnel, Macomb's Workforce Development Institute at M-TEC and the Public Service Institute at Macomb's Emergency Services Training Center will administer the MIOSHA Training.

## 3 What You'll Learn . . .

The class will cover fall exposures for residential construction and fall protection criteria per MIOSHA. In addition, there will be an explanation of the MIOSHA agency directive for residential construction, a video on residential fall protection, and detailed instructions for builders followed by a question and answer period.

## Agenda

We offer a flexible program agenda to emphasize the construction topics you want most.

- ▶ Fall Exposure
- ▶ Fall Protection Criteria
- ▶ Explanation of Agency Directive for Residential Construction
- ▶ Specific Instructions for Builders
- ▶ Video
- ▶ Questions & Answers

# Facilitator

Patrick Sullivan began his MIOSHA career as a compliance officer with the Construction Safety Division in 1994. Seeking a new challenge he transferred to the CET Division as a traditional consultant specializing in construction safety. He enjoys reaching out to employers and employees to help them be proactive instead of reactive to jobsite safety.

In 1976 Patrick started as a laborer and then in 1977 joined the Bricklayers Union as an apprentice. After completing his apprenticeship Patrick worked on many of Detroit's major building restoration projects. His MIOSHA enforcement experience and extensive knowledge of all types of scaffolding, fall protection and all other aspects of the construction industry make him a valuable teacher and consultant for the CET Division. His experiences investigating serious construction accidents and fatalities make him a passionate advocate for preplanning construction projects and promoting safety on every jobsite.
